Part A: Pupil Premium Strategy Plan

Statement of Intent

“We aim to raise the attainment of disadvantaged children through high quality teaching and by meeting individual needs”

At The Prince of Wales School our Pupil Premium Strategy is designed to: recognise children’s prior learning, provide first hand learning experiences, allow the children to develop interpersonal skills, build resilience and become creative, critical thinkers.

Every child is recognised as a unique individual. We celebrate and welcome differences within our school community. The ability to learn is underpinned by the teaching of basic skills, knowledge, concepts and values. We constantly provide enhancement opportunities to engage learning and believe that childhood should be a happy, investigative and enquiring time in our lives where there are no limits to curiosity and there is a thirst for new experiences and knowledge.

We use Learning Powers to promote positive attitudes to learning which reflect the values and skills needed to promote responsibility for learning and future success. Community involvement is an essential part of our curriculum as we celebrate local traditions, learning new skills to enable the children to take an active role in events throughout the year.

Pupil Premium Children leave our school with a sense of belonging to a tightly knit community where they have the confidence and skills to make decisions, self-evaluate, make connections and become lifelong learners.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Number	Challenge Detail
Pupil Premium - Long-Term (Three Year)	
1	Attainment Gap (between PP and Non-PP pupils), especially when seeking to secure Greater Depth judgements in KS1 (Non)Statutory Assessment Tests.
2	(Building on the above) Maths Attainment - in particular a confidence in MATHS FLUENCY that will (if developed) ultimately secure more Greater Depth judgements in KS1 (Non)Statutory Maths Assessment Tests.
3	Embedding a TRUE LOVE of Reading in ALL PUPILS.

Intended Outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended Outcome (PP)	Success Criteria (PP)
Increase % children meeting (and exceeding) ARE in all outcomes measures.	Attainment Gap (between PP and Non-PP pupils), especially when seeking to secure Greater Depth judgements in KS1 (Non)Statutory Assessment Tests narrows, leading long-term to <u>NO GAP</u>.
Increase % children working at a Greater Depth in Maths.	% of PP children achieving Greater Depth in Y2 Maths to increase by 25% (in 2023/2024).
Children LOVE READING in all it's forms across the curriculum.	Children to re-discover the love of reading. Over time Accelerated Reader STAR Reading Tests show accelerated progress for all learners including % of PP children achieving ARE in Y2 Reading to increase by 10%.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Background -

Following the Headteacher's attendance of the 2018 Dorset Pupil Premium Conference, the Senior Leadership Team have reflected considerably on their approach to the spending of Pupil Premium Funding.

At the conference, Sir John Dunford (Formally National Pupil Premium Champion) advocated for the importance of 'relentlessly focusing on the quality of Teaching and Learning'. Sir John made reference to the Sutton Trust (2011) research -

This has challenged our thinking and has helped shape our approach to Pupil Premium (and COVID Catch Up Premium) expenditure.
