Charity Trustees Needed for the Dorchester Opportunity Group

Are you interested in using your skills and expertise to help the Dorchester Opportunity Group? We are currently seeking to recruit new trustees who may have experience in the fields of health, education and social welfare, or an interest and willingness to learn about the issue of special needs in the Early Years.

We are a playgroup that provides care and preschool learning opportunities for 2-4 year olds with additional needs, and support for their families. Our children often have speech and language delay, behavioural issues or are on the autistic spectrum.

We have been rated 'Outstanding' by Ofsted for the past 8 years and have been in existence for over 25 years. The Group is recognised as a valuable resource and service by our families and professionals. We receive referrals from paediatricians, health visitors, GPs, social workers, portage consultants and speech and language therapists.

We are looking for people to join our Management Committee in the role of charity Trustee to help manage and plan for the future of the Group and who would enjoy the challenge of fundraising to ensure our survival for the next 25 years!

If you are interested in becoming a Trustee, or would just like more information about us, please contact:
