RENEWED GOALS...

The one common factor in school success is hard work, commitment to the vision and the whole school pushing together.

1. Raise attainment and accelerate progress

2. Improve the quality of teaching and learning

3. Improve the conditions for learning

4. Develop the school as a professional learning community

RENEWED REQUIREMENTS...

Requirements -

- **We will work in a rigorous not ruthless way – the same exacting expectations will be clearly shared and will be adhered to at every level**
- **We will work with a steely kindness**
- **We will celebrate success publically**
- **We will always challenge poor performance (and do it privately)**
- **We are ferociously loyal about POW both publicly and with each other**
- **We do things fantastically well**
- **We keep things simple and WE TRUST EACH OTHER**

INCREASED EXPECTATION

+

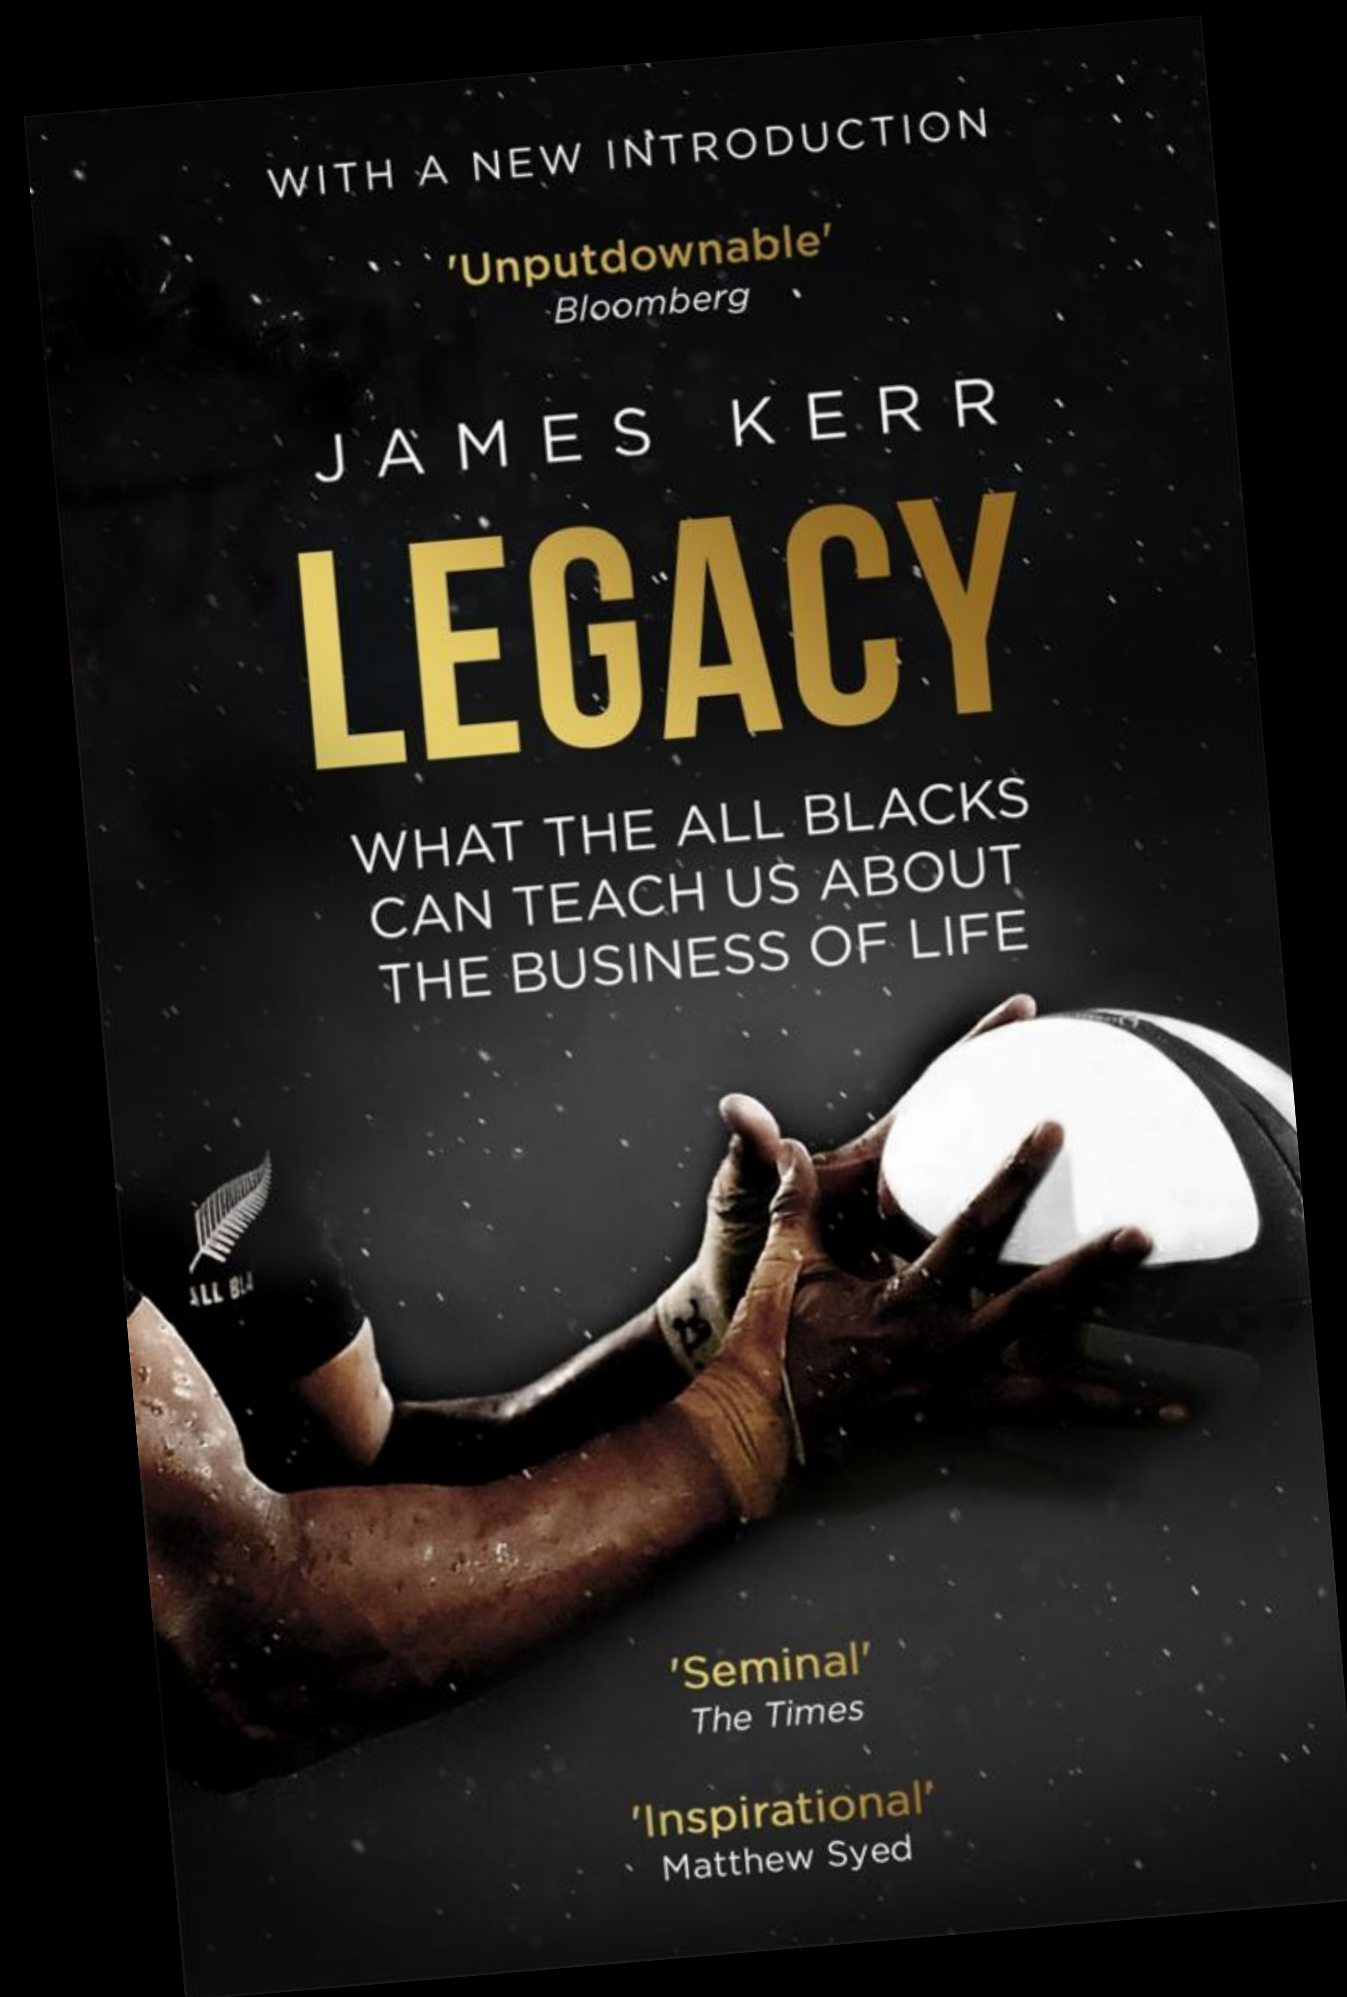

INCREASED CHALLENGE

=

INCREASED ENJOYMENT

He told the future All Blacks captain that it didn't matter what level of talent had been given to us, what size we were or how fast or slow we ran. It was what we did with that talent that we had that counted . . . no excuses and no exceptions. "The only way to be the best that you can possibly be"

It's a lesson Fitzpatrick has carried with him all his life and passes on to all he meets.

'What you leave behind is not what is engraved in stone monuments,' said the Greek statesman Pericles, 'but what is woven into the lives of others.' Your legacy is that which you teach.
