## The EEF Guide

Our planning for this unpredictable academic year has been supported by [‘The EEF Guide to Supporting School Planning: A Tiered Approach to 2021’](#) as recommended by the Department for Education.

We adopted the proposed tiered model that focuses upon -

- (1) High-Quality Teaching
- (2) Targeted Academic Support and
- (3) Wider Strategies

Many of the featured approaches supported by the best available evidence are already familiar to us and link particularly well to our [‘Pupil Premium Action Plan’](#).

## EEF Tiered Model - Overview -

### Teaching

- Quality First Teaching supported by evidence informed CPD for teachers and support staff.
- A broad, engaging and inspiring curriculum that is fully inclusive and emotionally aware (ELSA).
- Whole-class reading approach underpinned by clearly defined formative assessment practices.
- Curriculum 'essentials' for Reading, Writing and Maths are identified and taught / revisited across wider curriculum subjects.
- Continued development of a Maths Mastery approach supported by Power Maths and Maths Mastery Research Project (ongoing).

### Targeted Academic Support -

- Specific intervention programmes led by both Teachers and Teaching Assistants (see Intervention Folders).
- Collaboration with professionals to create bespoke and targeted learning packs for specific children, including those with EHCPs
- Use of the ELSA Lead and the Locality Hub (Dorset Council) to act as a link between school and home, supporting families to establish routines to support home learning.

### Wider Strategies -

- Frequent delivery of food parcels outside of FSM entitlement.
- Ensure our most vulnerable pupils have priority access to classroom teaching and online materials (loan Chromebooks as required).
- School staff used to cover classes rather than supply staff.
- **Based on strong relationships**: Communication with families (and staff) made easier by the strength of relationships already in place, meaning that families trust the school's approaches and support the strategies in place for learning as well as well-being.
- Improve ICT facilities available in school and support teachers with technology that supports their role.
